

Agency Overview

The WOI Veterinary Medicine Program is administered in Idaho by teaching faculty within the Department of Animal and Veterinary Science, College of Agricultural and Life Sciences, University of Idaho. The WOI Program was established in 1974 as a cooperative program of University of Idaho, Washington State University, and Oregon State University. The Doctor of Veterinary Medicine (DVM) degree is awarded by Washington State University (WSU) and Oregon State University (OSU). The WOI Program annually provides 44 Idaho residents with access to a veterinary medical education through a cooperative agreement between the University of Idaho and Washington State University.

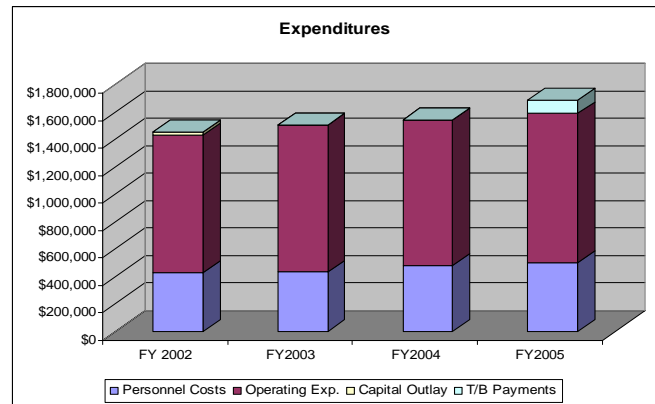

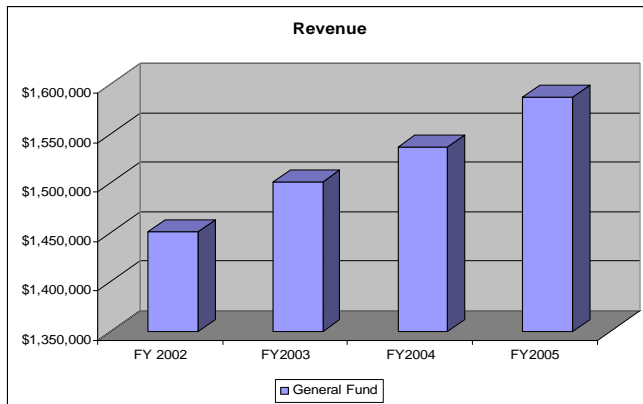

Core Functions/Idaho Code

The University of Idaho provides educational opportunities for any students in the WOI Veterinary Medical Education Program through 65 one-month teaching rotations in food animal production and clinical experience at the Caine Veterinary Teaching Center (CVTC) in Caldwell. Faculty members at the CVTC cooperate with Idaho veterinarians and livestock producers in food animal production, diagnosis and clinical evaluation of disease situations.

1. Provide access to veterinary medical education for Idaho residents – the current WOI contract reserves 11 seats for Idaho veterinary medicine students each year. A total of 44 Idaho students are enrolled in this program per year.
2. Assist Idaho in meeting its needs for veterinarians – provide Idaho-trained, Idaho-resident graduate veterinarians to meet annual employment demands for the State. On average, 65-75% of new Idaho resident graduates of the WOI Program are licensed to practice veterinary medicine in Idaho annually.
3. Provide hands-on instruction opportunities for senior veterinary students – 65 one-month teaching rotations in food animal production medicine and clinical experience are offered annually at the CVTC in Caldwell.
4. Provide access to referrals from Idaho veterinarians in the areas of food animal production, diagnosis, and clinical evaluation of diseases – a) accept approximately 600 hospital clinical referrals annually as student teaching cases; b) provide disease diagnostic testing on approximately 12,000 diagnostic samples annually, and; c) conduct on-farm disease investigations as requested by Idaho veterinarians and livestock producers.

Revenue and Expenditures

| Revenue | FY 2002 | FY 2003 | FY 2004 | FY 2005 |
|--------------------------|--------------------|--------------------|--------------------|--------------------|
| General Fund | \$1,450,400 | \$1,501,500 | \$1,536,800 | \$1,586,900 |
| Total | \$1,450,400 | \$1,501,500 | \$1,536,800 | \$1,586,900 |
| Expenditure | FY 2002 | FY 2003 | FY 2004 | FY 2005 |
| Personnel Costs | \$429,300 | \$431,100 | \$477,400 | \$497,600 |
| Operating Expenditures | \$1,000,900 | \$1,070,400 | \$1,059,400 | \$1,089,000 |
| Capital Outlay | \$20,200 | \$0 | \$0 | \$0 |
| Trustee/Benefit Payments | \$0 | \$0 | \$0 | \$100,000 |
| Total | \$1,450,400 | \$1,501,500 | \$1,536,800 | \$1,686,600 |

Profile of Cases Managed and/or Key Services Provided

| Cases Managed and/or Key Services Provided | FY 2002 | FY 2003 | FY 2004 | FY 2005 |
|--|---------|---------|---------|---------|
| Enroll 44 Idaho residents per year | 44 | 44 | 44 | 44 |
| Provide 65 one-month student rotations | 65 | 65 | 65 | 65 |
| Accept clinical hospital referral cases | 915 | 726 | 586 | 561 |
| Accept veterinary diagnostic cases | 14,168 | 10,846 | 10,316 | 10,183 |

Performance Highlights

The University of Idaho is a full partner in the program with a contractual relationship with WSU providing annual access to veterinary medical education for 44 Idaho residents. During their senior year, veterinary students can participate in 2- or 4-week rotations in food animal production medicine and clinical experience at the Caine Veterinary Teaching Center. A consistent number of Idaho resident graduates are licensed to practice veterinary medicine in Idaho each year. Faculty members cooperate with veterinarians, livestock producers, allied industries, and regulatory agencies to address animal health and disease issues within the state of Idaho.
